Quarter 3 Class Descriptions
Tuesday, January 8 - Friday, March 15

MONDAY CLASSES - \$140

JK-1 Dance
Senora Long
Min 6/Max 16

We are going to Celebrate Espanol, exploring the Hispanic culture, through dance. Learning basic steps to different Latin dances, for example, dance "salsa" from Cuba, "merengue" from Dominican Republic and Venezuela and "cumbia" from Colombia. Students will learn numbers, colors, parts of the body and more Spanish words in a fun way. Get your dancing shoes ready and let's dance and learn together!

K-2 Mr. Singer's Imaginarium
Zac Singer
Min 6/Max 16

Mr. Singer will lead a wide variety of games, activities, and songs, devoted to stimulating and cultivating the imagination.

1-3 Tinker Lab
Heidi Blackburn
Min 4/Max 8

Does your student like to build? Ms. Blackburn will be in the Lower School tinker lab to host this group with classroom materials (spools, cups, straws, etc) used to conquer challenges each day.

2-5 Needlepoint
Sarah Allen
Min 6/Max 16

Mrs. Allen will keep you in stitches as she introduces you to plastic canvas needlepoint. We will start with a beginner project and learn how to follow a simple pattern. As soon as the beginner project is complete the students will get to choose a craft to stitch and take home. Needlepoint is wonderful for fine motor skills as well as mindfulness. Relax and stitch away!

3-4 Guitar Group

Paul Smith

Min 4/Max 10

Guitar Emporium instructor Paul Smith leads the students to learn the strings and notes of music through guitar lessons. Each student will be given a guitar to use during the quarter for lessons and home practice.

3-6 Squash Clinic

Lee Scott

OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30

Min 4/Max 8

Join Lee Scott, one of the UK's top-ranked squash players and world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville's only regulation squash facilities at the Louisville Boat Club. All ability levels welcome.

4-5 Quick Recall

Bill Flinn

Min 6/Max 16

This is an introduction to the academic competition known as Quick Recall. Students will be divided into two teams and compete weekly to see who knows the most facts about a variety of topics, ranging from US History to musical instruments. This class, open to 4th and 5th graders, will start to prepare our team for the District Quick Recall competition in February.

TUESDAY CLASSES- \$200

JK-K Tinker Lab
Heidi Blackburn
Min 4/Max 8

Does your student like to build? Ms. Blackburn will be in the Lower School tinker lab to host this group with classroom materials (spools, cups, straws, etc) used to conquer challenges each day.

K-2 Light Camera Action!
Lori Hendrix
Min 6/Max 15

Painting scenery, making props, brainstorming costumes, memorizing songs and lines, and FINALLY delivering a show that will undoubtedly bring the house down...Join Ms. Hendrix and Mr. Singer to put on a show, start to finish. The final production (TBD) will be on Tuesday, March 12 at 4:00 p.m. in the Black Box.

1-3 Rube Goldberg
Selene Weightman
Min 6/Max 16

Students will explore simple machines and how we can combine them to make complex machines like Rube Goldberg Machines. Join middle school teacher Selene Weightman for some creative contraptions!

3-5 Minecraft
Melissa Martin
Min 6/Max 16

What's the coolest creation you can think of in Minecraft? Come to share your ideas with a roomful of other Minecraft masters. The possibilities are endless!

4-8 Squash Clinic
Lee Scott

OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30
Min 4/Max 8

Join Lee Scott, one of the UK's top-ranked squash players and world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville's only regulation squash facilities at the Louisville Boat Club. All ability levels welcome.

4-5 Debate Club
Rich Mills
Min 2/Max 10

We will learn to argue politely using reason and evidence. In Debate Club, we learn about public speaking, research topics we have chosen for debating, and discover how to construct arguments.

WEDNESDAY CLASSES - \$200

K-2 Gym Time

Meghan Farmer

Min 8/Max 20

Gym Time will explore different indoor activities including basketball, rolling games, volleyball, kickball, and t-ball to name a few. Students will learn skills and terminology associated with each activity. If you like PE games, you'll love after school Gym Time!

K-3 Drawing Workshop

Meg Roby

Min 4/Max 16

Students will learn to draw specific things using manageable steps. Then, they will develop their creative skills by adding to or altering the steps in their own ways. Each student will take home a book of drawing lessons and practice sketches.

1-2 Music Explorations

Paul Smith

Min 4/Max 10

Guitar Emporium's Paul Smith will lead this group of first and second-grade students to explore musical concepts involving rhythm, beat, measurement, and scales. The group will use musical instruments and come up with other ways to make music with unconventional tools like balls, lids, cans, and liquid.

3-4 Basketball

Stacy Brooks

Min 4/Max 20

The 3rd and 4th-grade basketball program will focus on building fundamental skills, showing players how to be part of a team, and incorporating Collegiate cornerstones into the curriculum. The group will not play other schools, and will instead practice together and break off into smaller groups for fun, competitive games. The goal will be to develop skills, prepare our 3rd and 4th graders for interscholastic competition in the 5th grade and middle school level, and, most importantly, have fun. Stacy Brooks, father of Sam (3rd Grade) and Sirius (5th grade) will coach. (Practice only)

5-8 American Red Cross - Babysitting Certification

Students must be 11 years old to take Red Cross online class

Elizabeth Cantrell

Min 4/Max 16

In this class, students will enhance their overall responsibility by learning how to provide care for infants and children. Students will learn the basics of babysitting, including handling safety, handling emergencies, choosing appropriate activities, and how to safely solicit babysitting jobs. This class also includes the Red Cross Babysitting online course. Participants who complete the course and pass the online exam will earn a Red Cross certificate.

THURSDAY CLASSES - \$200

K-3 Launch Pad

Debra Cohn

Min 4/Max 12

Ahoy Matey! Launch Pad's next stem/project-based activity will take students on a swashbuckling adventure! Students design their own island, a treasure map using their mapping skills. An additional challenge will be to build a shovel sturdy enough to lift the treasure. Arrr, X marks the spot!

K-5 Sign Language

Sarah Allen

Min 4/Max 10

This introduction to American Sign Language class offers students a chance to learn basic conversational sign language as well as songs and the alphabet. Sign language helps childrens' brain development by crossing the midline in addition to auditory and kinesthetic processing.

1-3 Bingo Bash

Sarah Gahan

Min 4/Max 10

B-I-N-G-O!: Let's gear up for Pizza Bingo, the family-favorite event of the spring! Each week's BINGO board will have a different theme (countries, numbers, nature, etc.) that will enable us to learn while having fun. And of course, prizes will be awarded every week to the winners!

2-5 Unplugged Fun

Elizabeth Cantrell

Min 4/Max 12

Join us for an afternoon of unplugged fun! From card games to board games, from Legos to Mad Libs and more, we will have fun using strategy and building friendships while playing together.

2-4 Hip Hop

Bailey Hendrix/Lori Hendrix

Min 4/Max 12

Come learn a new combination each week with sophomore dancer Bailey Hendrix, a dance student at Saffiyah Dance Company. Ms. Hendrix will supervise, and perhaps dance too! No prior experience needed. You are guaranteed to leave this class happy!

4-5 Craft Course

Heidi Blackburn

Min 4/Max 12

Intermediate grade students get this chance to work with Ms. Blackburn as she brings out their best for these 10 weeks of crafting. Bring your ideas and creativity to celebrate holidays, seasons, and milestones each Thursday.

FRIDAY CLASSES - \$180 (except the semester long Acting)

JK-K Creative Crafting

Heidi Blackburn

Min 4/Max 8

Our youngest students can stay after school to make crafts on Fridays. Put them on the mantle, display on a bookshelf, or in a trophy case but you will want to see the pieces of art your little one can make.

JK-1 Dr. Seuss Celebration

Sara Gahan

Min 6/Max 16

A Party with Dr. Seuss: Every week, we will begin by reading one of Dr. Seuss's classic stories together; we'll discuss the story and the imaginative illustrations. We'll then either play a game or engage in an art project inspired by the story. Finally, every student will write his/her own poem inspired by that week's story; all of the student's poems will be collected into a book to be brought home and enjoyed on the last day of the session.

2-5 Chess Club

Warren Erath

Min 6/Max 16

Chess club is geared for students who are excited about learning to play chess or are looking to improve their basic skills. Students that are new to chess will learn the names of pieces and how they move until they are prepared to play a full game. Students that know how to play will play chess with their peers, or a club supervisor. Motivated students can choose to improve their current skill level through a variety of skill-building scenarios available in resource materials.

2-6 Acting Against Cancer

Quarters 3 and 4

Max 20 - Spots will fill up quickly

\$400

Acting Against Cancer offers a semester long acting course where the students are the stars of the show! Through the semester, the students will learn various aspects of musical theatre as they audition, act, sing and dance their way to the final show. **Please note - this class requires sincere commitment by both children and parents as the semester will culminate with the production of a true musical. Thus, if a child will be missing more than 2 classes, this is likely not the program for you. If a child enrolls and misses more than 2 classes, their part will be subject to recasting. Finally, we ask all parents to help the student practice their lines, blocking and choreography. Only by practicing at home consistently will the semester-end show be a success.**

3 League of Extraordinary Mathematicians

Rich Mills

Min 2/Max 10

We will use stories to introduce subjects in areas like topology, graph theory, and number theory. We will make things, solve riddles, and play games. This math is fun!

3-5 Coding

Bill Flinn

Min 4/Max 16

Explore the world of coding and learn the basics as we explore this topic through various computer programs. Students will also learn basic HTML and learn how to build webpages. The only requirement is that you are able to work as a team and that you enjoy solving puzzles!
