

Monday Classes

**K-2 Making Art**

**Taylor Pearson**

Taylor Pearson is back to lead these young artists through different mediums to create pieces of art each week. Pencils, markers, shapes, and colors will be the beginning of practicing skills to last a lifetime.

**K-2 Spanish Games**

**Cecilia Long**

Let's play and learn Spanish. We will be having a lot of fun playing different games, music, songs, and dance are going to be part of our adventure exploring the Hispanic culture.

**K-2 Track**

**Lori Hendrix/Zac Singer**

The K-2 program will offer a variety of sports through the exploreCollegiate program. The fundamental skills necessary for success in all sports are taught in an atmosphere full of fun, excitement, and energy allowing our younger athletes to work with friends and make new ones while learning and improving their skill base.

**1-5 Chess**

**Bill Flinn**

Chess club is geared for students who are excited about learning to play chess or are looking to improve their basic skills. Students that are new to chess will learn the names of pieces and how they move until they are prepared to play a full game. Students that know how to play will play chess with their peers, or a club supervisor. Motivated students can choose to improve their current skill level through a variety of skill-building scenarios available in resource materials.

**3-4 Guitar Group**

**Paul Smith**

Guitar Emporium instructor Paul Smith leads the students to learn the strings and notes of music through guitar lessons. Each student will be given a guitar to use during the quarter for lessons and home practice.

**3-6 Squash**

**Lee Scott**

**OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30**

**Min 4/Max 8**

Join Lee Scott, one of the UK's top-ranked squash players and world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville's only regulation squash facilities at the Louisville Boat Club. All ability levels welcome.

## Tuesday Classes

### **K-2 Art Extravaganza**

**Heidi Blackburn**

Kindergarten teacher Heidi Blackburn is excited to provide the fun to these young artists weekly through familiar methods and talent stretching new experiences to bring out the art each student has inside.

### **1-5 Game On**

**Sarah Allen**

Come play classic board games and fun card games with Mrs. Allen. You may even learn some new games to bring to your own family game night! Let the games begin!

### **3-4 Track**

**Lori Hendrix/Zac Singer**

The 3-4 program will offer a variety of sports through the exploreCollegiate program. The fundamental skills necessary for success in all sports are taught in an atmosphere full of fun, excitement, and energy allowing our younger athletes to work with friends and make new ones while learning and improving their skill base.

### **3-5 Minecraft**

**Melissa Martin**

What's the coolest creation you can think of in Minecraft? Come to share your ideas with a roomful of other Minecraft masters. The possibilities are endless!

### **4-8 Squash**

**Lee Scott**

**OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30**

**Min 4/Max 8**

Join Lee Scott, one of the UK's top-ranked squash players and world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville's only regulation squash facilities at the Louisville Boat Club. All ability levels welcome.

## Wednesday Classes

### **JK-5 Yoga and Mindfulness**

**Elizabeth Cantrell**

Your children will benefit greatly from Yoga and Mindfulness class! Physically, yoga enhances flexibility, strength, and coordination. Mindfulness enhances body awareness, concentration skills, and an overall sense of peace. Join us for a fun class.

### **K-3 Drawing Workshop - Free Draw**

**Meg Roby**

“When can we draw what we want?” is the often-asked question from art students. In this new Drawing Workshop, the answer is, “Now!” Students will have time, materials and camaraderie for exploring ways to draw what they are interested in. Ms. Roby and peers will be available to offer assistance and encouragement. Each student will take home a special drawing pencil and a list of favorite drawing discoveries.

### **K-4 Lacrosse**

**L4 Lacrosse - Reid Wesley**

L4 Lacrosse will lead this group of lower school students interested in learning the skills of lacrosse with Coach Reid and Coach Dylan. New and experienced players have this chance to learn lacrosse after school with their friends and make connections with students who share the same interest. Students may bring their own stick and change of clothes to gain comfort with the stick just like the Titans and Amazons.

### **1-2 Music Explorations**

**Paul Smith**

Guitar Emporium’s Paul Smith will lead this group of first and second-grade students to explore musical concepts involving rhythm, beat, measurement, and scales. The group will use musical instruments and come up with other ways to make music with unconventional tools like balls, lids, cans, and liquid.

### **3-4 Making Art**

**Taylor Pearson**

Taylor Pearson is back to lead these young artists through different mediums to create pieces of art each week. Pencils, markers, shapes, and colors will be the beginning of practicing skills to last a lifetime.

### **4-8 Archery**

**John Beasley**

Archery is a sport that is growing in popularity across the country. Because of the strict shooting procedures, archery is one of the safest sports. It is great for children because they learn concentration and reflection. Archery is a welcomed respite from the everyday noise of school. Students will learn basic archery techniques and safety rules. John Beasley is a certified NASP Instructor.

### **6-8 Debate Club**

**Rich Mills**

We call this speed debate. We pick a topic, research it for 15 minutes online, then find out which side of the argument we're on. Then we have debates with openings, rebuttals and closings in which each debater gets a total of 8 minutes speaking time. Fast-paced and fun. At the end of the quarter we will have a judged competition.

## Thursday Classes

### **K-2 Spring Crafts**

**Heidi Blackburn**

Springtime in Louisville has so many colors and shapes that Heidi Blackburn can't keep to herself. Flowers, birds, butterflies, and nature will be used as the inspiration for making crafts to brighten your season.

### **1-5 Needlepoint**

**Sarah Allen**

Mrs. Allen will keep you in stitches as she introduces you to plastic canvas needlepoint. We will start with a beginner project and learn how to follow a simple pattern. As soon as the beginner project is complete the students will get to choose a craft to stitch and take home. Needlepoint is wonderful for fine motor skills as well as mindfulness. Relax and stitch away!

### **2-5 Unplugged Fun**

**Elizabeth Cantrell**

Join us for an afternoon of unplugged fun! From card games to board games, from Legos to Mad Libs and more, we will have fun using strategy and building friendships while playing together.

### **3-5 Chorus**

**Emily Abbott**

Calling all singers! Join Mrs. Abbott for a fun-filled musical experience. Students will build on their existing musical knowledge through singing and movement. This class will culminate with an informal performance on the final day, which parents are encouraged to attend.

### **3-5 Minute to Win It**

**Jim Schindler**

Based on the popular game show, 3rd-grade teacher Mr. Schindler's version includes the zany challenges from the show combined with some math problem-solving skills. Students will be presented with a story problem to solve to be "in the drawing" to compete against the clock to complete a challenge that might involve ping pong balls, Solo drink cups, a hula-hoop, and bubbles or a variety of other supplies in a silly challenge. This Explore session combines math with laughter and FUN!

## Friday Classes

### **JK-1 Derby Fever** **Heidi Blackburn**

Are you ready for Derby? Ms. Blackburn is getting ready to celebrate the May tradition with making hats, hot air balloons, boats, parades, and maybe a race or two. Come enjoy the fun with her!

### **3-6 Frisbee Field Games** **Warren Erath**

If getting exercise with friends and learning a fast-growing sport is your thing, then Frisbee Field Games with upper school teacher Warren Erath is for you. Throwing skills, attacking options, and team concepts will happen each week on the campus field for this new class.

### **3-6 Flag Football** **Bill Flinn**

Come and play football after school with your friends! Each week we learn a different football skill and then we play a game of touch football. Anyone in grades 3-5 is welcome!

### **4-5 Debate Club** **Rich Mills**

Let us argue. Politely, of course. We will have reasons for our assertions, backed by evidence we have researched on topics we have chosen. We will also learn to give strong arguments for both sides of a topic. At that the end of the quarter we will have a judged competition with debaters from other schools.
