- **3-6 Squash**  
  Lee Scott  
  Off-campus - Louisville Boat Club  
  Min 4/Max 8

*Class Descriptions listed on the next pages*
K-2 Lights, Camera, Action  
Hendrix/Singer

Calling all thespians, K-2nd grade! Come join Mr. Singer and Ms. Hendrix on Mondays where you will put on a play from start to finish. There will be set designing and painting, along with much acting and singing. Join us on this creative journey! Let your star shine bright! Students are involved in a theatrical performance, taking part in auditions (everyone gets a role), costume design, scenery, and a performance in front of an audience. Lights, Camera, Action!

K-5 Intro to American Sign Language  
Sarah Allen

This introduction to American Sign Language class offers students a chance to learn basic conversational sign language as well as songs and the alphabet. Sign language helps children’s brain development by crossing the midline in addition to auditory and kinesthetic processing.

1-5 Unplugged Fun  
Elizabeth Cantrell

Join us for an afternoon of unplugged fun! From card games to board games, from Legos to Mad Libs and more, we will have fun using strategy and building friendships while playing together.

3-4 Guitar Group  
Paul Smith

Guitar Emporium instructor Paul Smith leads the students to learn the strings and notes of music through guitar lessons. Each student will be given a guitar to use during the quarter for lessons and home practice.

3-5 Minecraft  
Melissa Martin

What’s the coolest creation you can think of in Minecraft? Come to share your ideas with a roomful of other Minecraft masters. The possibilities are endless!

3-6 Squash Clinic  
Lee Scott

OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30

Join Lee Scott, one of the UK’s top-ranked squash players and a world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville’s only regulation squash facilities at the Louisville Boat Club. All ability levels welcome.
TUESDAY CLASSES- $200

JK-6 Classics with Crafts
Sarah Allen

Watch Classic Disney movies while coloring. Coloring can be a stress reliever and offer much-needed downtime after a long day at school.

K-4 Lego Maniacs
Zac Singer

LEGO maniacs join together for a fun hour of LEGO. A giant table (approx. 9' by 5’) filled with millions of bricks is at your disposal. LEGO maniacs has free build, co-op build, and challenges in which the students can take part.

2-3 Yoga and Mindfulness
Lori Hendrix

Join Ms Hendrix on Tuesdays to explore mindfulness. She will teach skills to help children become aware of their inner and outer experiences and to help them understand how emotions manifest in their bodies. They will do some calming yoga moves as well (Nothing intense though, so no need to change clothes.)

4-5 Quick Recall
Debbie Patrick/Jim Schindler

This is an introduction to the academic competition known as Quick Recall. Students will be divided into two teams and compete weekly to see who knows the most facts about a variety of topics, ranging from US History to musical instruments. This class, open to 4th and 5th graders, will start to prepare our students for Academic Team competitions in middle school.

4-8 Squash Clinic
Lee Scott
OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30

Join Lee Scott, one of the UK’s top-ranked squash players and a world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville’s only regulation squash facilities at the Louisville Boat Club. All ability levels welcome.
**WEDNESDAY CLASSES - $200**

**K-2 Gym Time**  
Elizabeth Cantrell/Meghan Farmer

Gym Time will explore different indoor activities including basketball, rolling games, volleyball, kickball, and t-ball to name a few. Students will learn the skills and terminology associated with each activity. If you like PE games, you’ll love after school Gym Time!

**K-3 Drawing Workshop**  
Meg Roby

Students will learn to draw specific things using manageable steps. Then, they will develop their creative skills by adding to or altering the steps in their own ways. Each student will take home a book of drawing lessons and practice sketches.

**1-2 Ukulele**  
Paul Smith

Together with Guitar Emporium instructor Paul Smith, we will explore string names, the musical alphabet, notes on the ukulele, the principal of fretted instruments, and the anatomy of a ukulele. We will also explore linear melodies and eventually chord building concepts. This concept would be similar to the idea of mixing colors together to create new musical colors (which we would call chords).

**3-4 Basketball**  
Jason Coy

The 3rd and 4th-grade basketball program will focus on building fundamental skills, showing players how to be part of a team, and incorporating Collegiate cornerstones into the curriculum. The group will not play other schools, and will instead practice together and break off into smaller groups for fun, competitive games. The goal will be to develop skills, prepare our 3rd and 4th graders for interscholastic competition in the 5th grade and middle school level, and, most importantly, have fun. Physical Education department chair Jason Coy will lead this group each Wednesday. (Practice only)

**6-8 Speed Debate**  
Rich Mills

A faster-paced atmosphere, speed debate emphasizes the ability to quickly research and synthesize an argument. Once a topic has been decided and sides are chosen, participants will have 15 minutes to do research. A chess type clock keeps track of each participant’s 8 minutes of speaking time. The additional wrinkle of the cross-examination of your opponent is also added. After practicing in our club, we will have at least one debate in front of judges.
THURSDAY CLASSES - $200

JK-2 Mr. Singer’s Imaginarium: the Sequel
Zac Singer

Imaginations continue to be stimulated and cultivated in Mr. Singer's Imaginarium Part 2: The Sequel. Students develop an idea, a plan to accomplish the idea, then put the plan into action during the sensationally stimulating, mind-bending, miraculous, magnificent, thrilling hour. Prerequisite: an imagination!

1-5 Intro to Needlepoint
Sarah Allen

Mrs. Allen will keep you in stitches as she introduces you to plastic canvas needlepoint. We will start with a beginner project and learn how to follow a simple pattern. As soon as the beginner project is complete the students will get to choose a craft to stitch and take home. Needlepoint is wonderful for fine motor skills as well as mindfulness. Relax and stitch away!

2-5 Active Games
Elizabeth Cantrell

Capture the Flag, Sharks and Minnows, Kick Ball, Tag, and more! Have a blast playing classic and new active games that promote physical fitness and camaraderie. Join me each week as we have fun and expend energy—no screens required!

FRIDAY NEW CLASSES - $180 (except the semester-long Acting)

K-2 Around the World in Art
Nurse Angela Sartin

Come join us as we craft our way around the continents. Colors and customs from cultures and creatures of the past and present will serve as our art inspiration.

2-5 Chess Club
Warren Erath

Chess club is geared for students who are excited about learning to play chess or are looking to improve their basic skills. Students that are new to chess will learn the names of pieces and how they move until they are prepared to play a full game. Students that know how to play will play chess with their peers, or a club supervisor. Motivated students can choose to improve their current skill level through a variety of skill-building scenarios available in resource materials.

2-6 Acting Against Cancer - enrolled for 2nd and 3rd quarters
Quarters 2 and 3
Max 20 - Spots will fill up quickly
$400
REGISTERED DURING the 2ND QUARTER

4-5 Debate Club
Rich Mills

We will learn to argue politely using reason and evidence. In debate club we learn about public speaking, research topics we have chosen for debating, and discover how to construct arguments. After practicing in our club, we will have at least one debate in front of judges.
