Class Descriptions are listed on the next pages

Quarter 4 Class Descriptions  
March 17-May 22

**MONDAY CLASSES - \$160**

**JK-1 Track  
Hendrix/Singer**

Ms. Hendrix and Mr. Singer will give students a glimpse into the sport of track. We will look to improve in areas of running form, sprinting, and distance races. Proper stretching will be emphasized each week to prepare for races and the cool down period following a race. This group normally fills up so sign-up early if you are interested.

**1-5 Unplugged Fun  
Elizabeth Cantrell**

Join us for an afternoon of unplugged fun! From card games to board games, from Legos to Mad Libs and more, we will have fun using strategy and building friendships while playing together.

**3-4 Guitar Group  
Paul Smith**

Guitar Emporium instructor Paul Smith leads the students to learn the strings and notes of music through guitar lessons. Each student will be given a guitar to use during the quarter for lessons and home practice.

**3-5 Minecraft  
Melissa Martin**

Minecraft Club is set again for the fourth quarter! This popular club has had a full house every quarter this year. If your child loves Minecraft or wants to learn Minecraft, this is the club to join. Jack Blythe, who is a skilled Minecrafter and has been trained by a number of Upper School Minecrafters over the last few years, is ready to lead the charge. Mrs. Martin, a lower school science teacher, loves sponsoring this club while having the opportunity to see her students' amazing creations each week. Our club plays a "creative" "multiplayer" version of Minecraft Education. It is filled with all kinds of wonderful opportunities for students. Minecraft would welcome your child to join or return to us next quarter.

**3-6 Squash Clinic  
Lee Scott**

**OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30**

Join Lee Scott, one of the UK's top-ranked squash players and a world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville's only regulation squash facilities at the Louisville Boat Club. All ability levels are welcome.

## **TUESDAY CLASSES- \$180**

### **JK-2 Spanish is Fun Senora Long**

Are you ready for some Spanish music, Spanish dancing, Spanish games, and Spanish fun? Senora Long is looking forward to welcoming the young students for an hour of cultural immersion each Tuesday to learn all about the Spanish speaking world through many types of experiences. Mucho gusto!

### **JK-4 Healthy Heroes Nurse Sartin**

Become a germ detective as we travel around our school and learn where microorganisms live, both the good and the bad. Markers, microscopes, ink, food coloring, celery, donuts, and dirt will be used to explore our body works and its relationship with germs and infection.

### **2-4 Track Lori Hendrix/ZacSinger**

Ms. Hendrix and Mr.Singer will give students a glimpse into the sport of track. We will look to improve in areas of running form, sprinting, and distance races. Proper stretching will be emphasized each week to prepare for races and the cool down period following a race. This group normally fills up so sign-up early if you are interested.

### **4-8 Squash Clinic Lee Scott**

**OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30**

Join Lee Scott, one of the UK's top-ranked squash players and a world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness and the development of racquet skills at one of Louisville's only regulation squash facilities at the Louisville Boat Club. All ability levels are welcome.

## **WEDNESDAY CLASSES - \$180**

### **JK-2 Gym Time**

**Elizabeth Cantrell/Meghan Farmer**

Gym Time will explore different indoor activities including basketball, rolling games, volleyball, kickball, and t-ball to name a few. Students will learn the skills and terminology associated with each activity. If you like PE games, you'll love after school Gym Time!

### **K-3 Drawing Workshop**

**Meg Roby**

Drawing Workshop is a combination of guided step-by-step lessons and time to free-draw. Students will practice and develop drawing skills with inspiration coming from the teacher, their own interests and imagination. After each workshop, the students may take home their 'free-draw' drawings. At the end of the quarter, students will take home a personal Drawing Workshop book that shares what they practiced in guided drawing.

### **K-4 Lacrosse Skills**

**Muffy Sattich/Matt Pino**

Lacrosse stars Muffy Sattich (K-2) and Matt Pino (3-4) will lead this group through activities and competitions each week to introduce skills and terminology for success for lacrosse. New and experienced players have this chance to learn lacrosse after school with their friends and make connections with students who share the same interest. Students may bring their own stick and change of clothes to gain comfort with the stick just like the Titans and Amazons.

### **1-2 Ukulele**

**Paul Smith**

Together with Guitar Emporium instructor Paul Smith, we will explore string names, the musical alphabet, notes on the ukulele, the principal of fretted instruments, and the anatomy of a ukulele. We will also explore linear melodies and eventually chord building concepts. This concept would be similar to the idea of mixing colors together to create new musical colors (which we would call chords).

### **6-8 Speed Debate**

**Rich Mills**

A faster-paced atmosphere, speed debate emphasizes the ability to quickly research and synthesize an argument. Once a topic has been decided and sides are chosen, participants will have 15 minutes to do research. A chess type clock keeps track of each participant's 8 minutes of speaking time. The additional wrinkle of the cross-examination of your opponent is also added. After practicing in our club, we will have at least one debate in front of judges.

## **THURSDAY CLASSES - \$180**

### **JK-6 Classic Disney Movies and Coloring**

**Sarah Allen**

Watch Classic Disney movies while coloring. Coloring can be a stress reliever and offer much-needed downtime after a long day at school.

### **K-4 Lego Lovers**

**Nurse Sartin**

Nurse Sartin is ready to guide students in some building activities with legos and allow some free build time each week. Team work, creativity, persistence, and problem-solving will be emphasized each week. All Lego Maniacs are welcome.

### **2-5 Active Games**

**Elizabeth Cantrell**

Capture the Flag, Sharks and Minnows, Kick Ball, Tag, and more! Have a blast playing classic and new active games that promote physical fitness and camaraderie. Join me each week as we have fun and expend energy- no screens required!

### **4-5 Flag Football**

**Debbie Patrick**

Come and play football after school with your friends! Each week we learn a different football skill and then we play a game of touch football. Anyone in grades 4-5 is welcome!

## **FRIDAY CLASSES - \$180**

### **JK-4 Friday Frenzy**

**Nurse Angela Sartin**

Build! Craft! Create! Bead a keychain for your backpack, build lego towers that reach the ceiling, make a potholder, learn to crochet, knit or sew on a button. The choice is yours, and the sky's the limit in our Friday mini-make shop. Fine-tune those fine motor skills while creating projects that make the heart sing!

### **2-5 Chess Club**

**Warren Erath**

Chess club is geared for students who are excited about learning to play chess or are looking to improve their basic skills. Students that are new to chess will learn the names of pieces and how they move until they are prepared to play a full game. Students that know how to play will play chess with their peers, or a club supervisor. Motivated students can choose to improve their current skill level through a variety of skill-building scenarios available in resource materials.

### **4-5 Debate Club**

**Rich Mills**

We will learn to argue politely using reason and evidence. In debate club we learn about public speaking, research topics we have chosen for debating, and discover how to construct arguments. After practicing in our club, we will have at least one debate in front of judges.
