Monday Classes

K Ballet **McKinley Nicoson**

In this class, students will learn beginning ballet fundamentals and correct ballet terminology. A short warm-up is followed by stretching and strengthening exercises. Each student is then introduced to beginning ballet positions and movements. A rhythm section is included for combining music and movement. Students will be taught various motor skills that are essential to growth and development. Students also learn important social skills like taking turns and learning to work in a group.

K-8 Chess **Todd Payne**

I am offering beginner and intermediate chess class. We will be working on chess principles and having a lot of fun along the way. (Advanced players are welcome; I will pair the exceptional players with other accomplished opponents.)

1-2 The LOST months....Center Time **Lori Hendrix**

Did you feel CHEATED out of some kindergarten time because of Covid!?! Join Ms. Hendrix for CENTER TIME FUN and enjoy an hour of free play in Dramatic Play, Blocks, Sensory, Art, Lego, and STEM!

1-4 Squash **Lee Scott**

OFF-SITE AT LOUISVILLE BOAT CLUB - Collegiate will provide transportation to LBC but parents need to pick up students from Louisville Boat Club at 4:30

Join Lee Scott, one of the UK's top-ranked squash players and a world-class coach, in an introduction to squash, a fast-paced indoor racquet sport that is quickly gaining popularity across the nation. Enjoy games, fitness, and the development of racquet skills at one of Louisville's only regulation squash facilities at the Louisville Boat Club. All ability levels are welcome.

2-5 Minecraft **Zac Singer**

What's the coolest creation you can think of in Minecraft? Come to share your ideas with a roomful of other Minecraft masters. The possibilities are endless!

3-4 Zumba Hip Hop **Kristy Lawrence**

This Zumba class will be a hip-hop version so that the kids can relate to the music, the routines will incorporate interval training, alternating fast and slow rhythms, to help improve cardiovascular fitness. Kiddos will get their heart rate up, get to listen to some good music, and will help them de-stress in a creative way.

Tuesday Classes

K-4 Lego Maniacs

Zac Singer

We will provide the legos if you bring the imagination to this class led by Zac Singer. There will be building challenges, group tasks, and lots of success in this creative class for our young engineers.

K-4 Disney and Drawing

Sarah Davis

Watch Classic Disney movies while coloring. Coloring can be a stress reliever and offer much-needed downtime after a long day at school.

K-8 Chess

Todd Payne

I am offering beginner and intermediate chess class. We will be working on chess principles and having a lot of fun along the way. (Advanced players are welcome; I will pair the exceptional players with other accomplished opponents.)

2-4 Origami

Michelle Munizaga

Origami is the Japanese art of paper folding. The practice of origami develops spatial reasoning and geometric understanding. It also teaches patience and concentration and helps strengthen fine motor skills and hand-eye coordination. This class will incorporate children's literature, background information on Japanese culture and the origin of origami. This class will not only be informative and develop cognitive skills, but most importantly it will be fun and creative!

3-4 Hip Hop Zumba

Kristy Lawrence

This Zumba class will be a hip-hop version so that the kids can relate to the music, the routines will incorporate interval training, alternating fast and slow rhythms, to help improve cardiovascular fitness. Kiddos will get their heart rate up, get to listen to some good music, and will help them de-stress in a creative way.

3-4 Minute to Win It

Jim Schindler

Join 3rd-grade teacher Jim Schindler for some wacky and fun challenges using cups, ping pong balls, bubbles, hula-hoops, and more after completing some math problems. This *explore* Collegiate activity is based on games and challenges from the television show by the same name. Come join the fun and laughter and practice some basic math problem-solving skills all at the same time.

Wednesday Classes

K-1 PE Overtime

Jason Coy

Not enough PE in your life? Need more movement and play in your day? Come join your classmates for extra Phys Ed fun! We will explore using different manipulatives like foptails, yarn balls, scarves, beanbags, Gator Balls, and more, along with playing active games like Astronauts & Aliens, Chicken Taco Tag, and Spaghetti & Meatballs!

K-2 Hip Hop

McKinley Nicoson

Beginning hip hop dance class will be a fun opportunity for boys and girls to learn fundamental hip hop moves. There will be rhythm, light stretching, and strengthening exercises taught. Students will also learn to put various hiphop moves together in a teacher led choreographed dance. Hip hop is a great opportunity for students to gather together, take turns, and cheer each other on!

K-8 Chess

Todd Payne

I am offering beginner and intermediate chess class. We will be working on chess principles and having a lot of fun along the way. (Advanced players are welcome; I will pair the exceptional players with other accomplished opponents.)

3-4 PE Overtime

Ariana Shah

Is one PE class not enough? Join PE teacher, Ms. Shah, for overtime! We'll get our bodies moving by exploring different equipment, learning new activities, and playing some tried and true PE game favorites. Our class will take place outside on the Collegiate field, weather permitting.

4-6 Just Dance

Kristy Lawrence

Just Dance Class, let's get the blood pumping and enjoy some music. In this class, we will dance to the Just Dance game, break a sweat, and crown a Dance Champion at the end of the quarter. There will be individual dances, partner collaborations, and small group challenges.

Thursday Classes

K-1 Mr. Singer's Imaginarium

Zac Singer

Mr. Singer's Imaginarium is a place devoted to the imagination. Students bring their imaginative ideas, big and small, to carry out projects and ideas that will change the world in which they live!

K-8 Chess

Todd Payne

I am offering beginner and intermediate chess class. We will be working on chess principles and having a lot of fun along the way. (Advanced players are welcome; I will pair the exceptional players with other accomplished opponents.)

1-4 Invasion Games

Tyler Whitchurch

Do you like games like soccer, basketball, and lacrosse? Mr. Whitchurch will teach skills to these sports and other games where you invade spaces to gain success for your team. Students will be introduced to basic defending and attacking concepts and how to use them in-game situations.

2-5 Yoga

Michelle Munizaga

Join fourth-grade teacher Michelle Munizaga for yoga and mindfulness activities that engage children and give them the tools to feel calmer, happier, and more peaceful inside! In addition, this class will offer breathing and yoga exercises to encourage balance, flexibility, and strength building.

5-8 Anime

Kristy Lawrence

This is a class to help define what Anime is, explain the history of Anime in Japanese culture and how it became mainstream in America, and describe the characteristics and different genres of Anime. We will also have a chance to create a short Anime comic strip and watch clips from different genres of Anime shows.

Friday Classes

JK-2 Chalk Walk

Sarah Bowling

Chalk Obstacle Courses and Extreme Hopscotch!

Do you like to draw with chalk? Do you like to do hopscotch and might be interested in adding more creative or challenging parts to your hopscotch course? Would you like to create a chalk obstacle course with hops, skips, spins, dinosaur stomps, bubble pops, or anything else that you can imagine? We will enjoy the outdoors, some art, and some physical activity with friends.

K-8 Chess

Todd Payne
